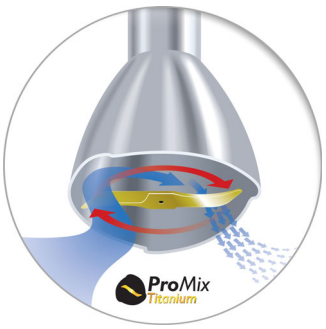
PHILIPS

Hand blender with ProMix blending technology
750 W Metal bar, ProMix (Titanium), XL chopper, Ice-crush, 20 speeds +turbo

HR1665/90

Highlights

ProMix blending technology



The Philips handblender ProMix thechnology was developed together with the prestigious Stuttgart University. It is an advanced technology for more consistent and faster blending. The unique ProMix blending technology of Philips hand blenders uses a triangular shape to create an optimal flow and gives maximum performance making silky smooth soups and smoothies.

Titanium coated blade

The new golden colored titanium coated blade is more than six times harder than its predecessors and three times harder than a Samurai sword. This ensures your blade stays sharper for even longer.

750 W motor

Best-in-class motor for optimal food preparation.

20 speed settings

20 speed settings

Anti-splash blade guard

No splashes or mess while you blend.

1 L beaker with lid

1 L beaker with lid to store soups, puree or shake.

XL chopper accessory

With the XL chopper accessory (1000ml) for a Philips hand blender you can chop large quantities of meat, herbs, nuts, cheese, chocolate and onions in seconds.
